

Gift Aid

The capture of Gift-Aid under the 2006 HMRC regulations is an integral part of the Maxim solution.

Maxim assists the operator in processing the transaction efficiently by presenting Gift-Aid data capture screens, utilising fast post-code look up and prompting for the required additional data to be entered prior to completion.

Gift Aid Donations Report

Visit Date: 01 Apr 2009 to 19 Jun 2009

Fully HMRC compatible Gift-Aid declaration reports are intrinsic to the system

Web-based Gift Aid

For those attractions using MaximWeb, the system delivers a simple Gift Aid entry screen, increasing revenues with no additional overhead.

MaximWeb provides a full reporting suite, either combined with on-site sales or separately.
